

Value delivered. Always

Sandeep Kumar Maini
Chairman, Maini Group

Sandeep Kumar Maini completed his BE in Industrial & Production Engineering from Manipal Institute of Technology (MIT) in 1989. He secured first rank in the University & was awarded with Dr TMA PAI GOLD MEDAL for Best Outgoing Student. He was a proud recipient of the Blue Ribbon from MIT for Best Student for the Production Engineering Batch.

He underwent an advanced training for 6 months at Brodrene Vestergaard, Denmark, in Design, Production, Sales & Service of Material handling equipment from Sept 1989 to March 1990.

Sandeep joined Maini Materials Movement in 1990 as a Technical Manager and took over as Managing Director in 1995. During this period he was involved in a number of initiatives which included indigenization of all products and creation of new facilities for expansion. He also set up an all- India Sales, Marketing and Service Network for the company.

Under his leadership, MMM became the first company in India to introduce the concept of Total Solutions and Complete Customer Care in Material Handling.

He has also established several associations and ventures with International companies in the last 20 years.

In 1992, MMM became the pioneer of Dock-Levelers manufacturing in India in collaboration with Blue Giant of Canada.

In 2006, MMM formed a JV with Armes Spa Italy to manufacture Storage systems in India.

In 2010, MMM signed a Strategic Alliance with Nacco Material Handling Group for manufacture of Yale brand of forklifts in India.

These initiatives were instrumental in making MMM, the leading material handling brand in India.

In 2007, Sandeep took over as the Chairman of the Maini Group.

The Group consists of companies that have Domestic and International Operations in the fields of Automotive and Aerospace, Plastics and Composites, Material Handling, Warehousing, Storage Systems and Electric Vehicles.

Maini Group is also the founder promoter of REVA, India's first Electric Car.

He was the Chairman of Reva Electric Car Company from 2007- 2010 and was on the Board of Mahindra Reva Electric Vehicles till November 2016.

Since 2007, he has been involved in consolidation of the Group companies and diversification into new businesses of plastics and aerospace.
